like.Q: How to apply for US E-2 Visa - Indian Student with Associate degree I'm Indian and studying in India to get an MBA degree. I will complete my B.A in May and have an Associate's degree. My question is can I apply for E-2 visa in USA without further studies? Or do I need to continue my study in USA and get a master degree? A: E-2 is a non-immigrant visa to the US, and as such, there's a requirement that you can't have any immigrant intent (i.e. intent to stay permanently). To be valid, the visa must be for "temporary visits" only, which means it can't be extended beyond 6 months. Your associate degree wouldn't change this, as you can't extend the period of stay on a regular visitor visa. So, at the time you apply, you need to have a valid student visa from a university in the US. If you don't have one, you can't apply. Note that you can apply on an F-1 visa 82157476af
