tomb raider demolition skin

Good, probably, i dunno, is it?. i like this dlc. Its like the other skins nice.. It looks ok I guess. Reccomended in a bundle.. Surprisingly great outfit. It fits really well in Lara and blends her well with the enviroments. Only 2 minor issues: Doesn't show the dirt and injuries Lara suffers throughout the campaign (the forearms are always pristine) and the footwear should have been boots instead of white sneakers.. Great skin!!!
